### “Transforming Education, Shaping Futures”

Strengthening 76 Odisha Adarsha Vidyalayas across 76 Blocks of 08 mining districts in Odisha

The vision of Odisha Adarsha Vidyalaya Sangathan (OAVS) is to provide free, quality CBSE-affiliated education to students from semi-urban and rural areas across Odisha through Odisha Adarsh Vidyalayas. Established in all 314 Blocks, these co-educational schools cater to Classes VI to XII, aiming to nurture rural talent through 21st-century learning skills and a holistic approach to academic, physical, and aesthetic development.

To support this vision, OMBADC is assisting 76 Adarsha Vidyalayas across 8 mining-affected districts in developing world-class infrastructure. This collaboration is bridging educational gaps in remote regions, integrating Smart Classrooms, ICT Lab, Science laboratory, hostel facilities, kitchen cum dining hall etc. for rural students with mainstream education, and creating opportunities for their brighter future.

### Major Achievements :

- Smart Classrooms**  
 Target 1062  
 838 Smart Classrooms have been completed, empowering students with technology-based learning experiences.
- Science Laboratory Classrooms**  
 Target 228  
 36 Science Laboratories for Biology, Chemistry, and Physics—one for each subject completed.
- ICT Laboratory**  
 Target 76  
 33 ICT Laboratories completed and students are learning computer skills.
- 200 & 100 Seated Boys' Hostel**  
 Target 76  
 44 Boys' Hostel buildings completed and handed over to school management.
- 200 & 100 Seated Girls' Hostel**  
 Target 54  
 39 Girl's Hostel Building completed and handed over to school management.
- Kitchen-cum-Dining Hall**  
 Target 76  
 76 Kitchen-cum-Dining Halls completed and fully functional
- Other Activities**  
 Target 770  
 Total 609 other works completed

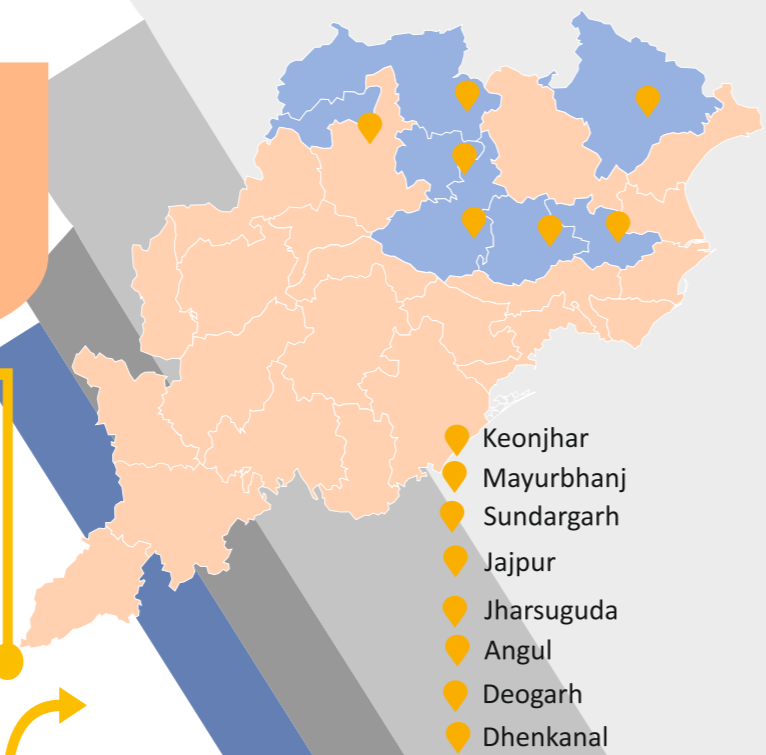

**Total Impact:**  
 Currently, 29,105 students are benefiting from project activities supported by OMBADC funds.

“OAV has transformed my life and reshaped my outlook on education. The comprehensive facilities offered here have supported quality learning. I am eagerly looking forward to the commencement of the hostel facilities, as they will not only save valuable travel time but also allow us to engage more in academic and extracurricular activities. I am truly grateful to OMBADC for providing the necessary funds for the development of these facilities.”

Himadri Tanya Sahoo  
 Class-XI

 Anandpur Block, Keonjhar)

### Project Coverage

### Major Project Components

- 200 Seated Boys and Girls hostel & its boundary wall
- 100 Seated Boys and Girls hostel & its boundary wall
- Kitchen cum dining hall
- Cycle Stand
- Smart Classroom
- Science Laboratory
- ICT Lab
- Furniture
- Internal Approach Road
- Lighting Arrester
- Fire Extinguisher
- Security cabin
- Entrance Gate
- Boundary wall of the entire campus
- Multipurpose hall
- Play Ground
- Solar Power System

### Financial Status
